

Recycling At St George's

A project by the Head Girl

Meeting with Mr Fisher

- Josie our Head Girl came to see Mr Fisher
- She wanted to recycle even more at school and wanted to buy some bins for the playground.
- Mr Fisher gave her the catalogue and a budget and she went away to think about what she wanted to buy.
- Josie came back and chose her bins and Mr Fisher then asked her to think about how she would tell the other pupils in the school about her project.
- Josie offered, with some of her prefects, to go and visit each class and let them know. She talked to them about the importance of recycling and which items should be put in each bin.

Red - Bob for bottles

Dark Green - Fiona for food waste

Light Green - Mike for mixed plastics
